March Newsletter

Dear Chris,

Spring is in the air... and I don't know about you but Eifion and I are liking the fact that it is getting lighter in the evening. Soon we will be able to have some fun on our Academy evenings outside... Portraiture and Fashion on the bridge and a bit of Urban Dereliction are just two ideas we are playing around with.

Eifion and I are off to Focus on Imaging at the NEC tomorrow, we have arranged to have talks with some great names within the industry that will be able to give YOU the Academy Member yet more benefits.

The updated Academy Membership Package has been uploaded on to the [forum](#) for you to see all the latest benefits so please do go and look to make sure you are taking full advantage of your membership
